BACKUS HOSPITAL VISITING BOARD

Annual Meeting Held and City Missionary Tells of Need of Work for Prevention of Tuberculosis—Plans for Thanksgiving.

The annual meeting of the board of lady visitors of the W. W. Backus hospital was held in the nurses' home on Thursday afternoon. Mrs. Hugh H. Osgood was the presiding officer and conducted the regular business meeting. Among other matters plans were made for the usual Christmas entertainment for patients in the hospital.
Mrs. Osgood then introduced Rev. Charles A. Northrop of the city mission, who gave a most interesting and instructive talk on tuberculosis and modern preventive methods of treatment, which aroused much enthusiasm among his audience. He contrasted the old idea of tuberculosis as a fatal disease and the way in which patients were expected to be incurable and so not given curative treatment, with the present hopeful view taken by the medical profession and the care and treatment given to sufferers from the disease. One-half the cases now give signs of recovery. Our own state legislature, which in 1903 made no mention of cases of this kind, last year appropriated \$175,000 for the establishment of sanatoriums. These are to be established one by one in the order of the population of each county, so that soon there will be one for some time. Meanwhile there is much work needed.
